
Epson Perfection V370 Photo

Get superior-quality, A4 photo scanning with the Epson Perfection V370 Photo, which features a built-in transparency unit for easy scanning of slides, film and negatives. Thanks to the scanner's high optical resolution of 4,800dpi and CCD (charged-coupled device) technology, you can be confident that every detail will be faithfully captured with exceptional clarity.

Epson ReadyScan LED technology delivers scans instantly with virtually no warm-up time, and is very power-efficient, helping to reduce your energy bills and impact on the environment.

Scanning bulky books or 3D objects is no problem, as the Perfection V370 Photo's lid has an extendable hinge that can open up to 180 degrees. Even if parts of the book or object being scanned are not in contact with the scanner's glass, they will still be in focus and captured accurately. This is because Epson's CCD image sensor technology offers a greater depth of field than the CIS (contact image sensor) technology used in most comparable scanners.

Simple to use, the Perfection V370 Photo's enables you to conveniently scan to email at the touch of a button, or scan to multi-page, searchable PDF. Other useful photo and document editing features are available using the included software: Epson Easy Photo Fix makes it easy to bring your originals back to life by restoring faded colour, removing the appearance of dust and scratches and adjusting backlight; Optical Character Recognition (OCR) allows you to copy, paste and edit text from scanned documents; and Epson Document Capture enables direct scanning to cloud storage services, so you can access your scans from any computer or mobile device.

DATASHEET

KEY FEATURES

- 4,800dpi for superior quality
- Scan slides, film and negatives
- Scan bulky books and 3D objects
- Scan to email or cloud storage
- Saves power and money

Epson Perfection V370 Photo

PRODUCT SPECIFICATIONS

TECHNOLOGY

Scanner Type	Flatbed Scanner
Scanning Resolution	4,800 dpi x 9,600 dpi (Horizontal x Vertical)
Optical Density	3.2 Dmax
Paper Formats	A4
Color Depth	Input: 48 Bits Color, Output: 48 Bits Color

SCANNER

Light Source	ReadyScan LED technology
--------------	--------------------------

SCANNING FEATURES

Features	RGB colour dropout, Automatic area segmentation, RGB colour enhance, Text enhancement, Unsharp Mask (USM)
Output formats	Scan to PDF, Scan to searchable PDF
Image Improval	Grain reduction, Print Image Matching II

CONNECTIVITY

Interfaces	USB 2.0 Type B
------------	----------------

GENERAL

Supply Voltage	AC 200 V - 240 V, 50 Hz - 60 Hz
Product dimensions	280 mm x 430 mm x 41 mm (Width x Depth x Height)
Product weight	2.2 kg
Drivers	TWAIN, WIA
Included Software	Epson Scan
Compatible Operating Systems	Mac OS 10.3+, Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64
Electrical Standards	Energy Star Compliant
Humidity	Operation 10% - 80%
Temperature	Operation 5° C - 35° C

OTHER

Warranty	12 months Carry in
----------	--------------------

WHAT'S IN THE BOX

- Warranty document
- User manual
- USB cable
- Software (CD)
- Main unit
- AC Adaptor
