3M™ Protection & Privacy upgrades for Apple® Devices

3M™ Privacy Filters for MacBook® Air

3M™ Natural View and Privacy Screen Protectors for iPhone®, iPad®. 3M™ Privacy Filters for MacBook®Air, MacBook®Pro.

3M Natural View Screen Protectors. Safeguard the sleek look of your iPhone® and iPad® displays. For a lifetime.*

- Scratch resistant surface
- Enhanced image clarity
- Sleek, thin, crystal clear surface
- Easy to apply, residue-free on removal

3M Privacy Screen Protectors. The best way to keep your data, photos and texts strictly personal. And your screen scratch-free.

- Prevent others from viewing information on your display
- Protect on-the-go communications
- Prevent damage to your display
- Easy to apply, residue-free on removal

3M Privacy Filters for MacBook® Air/Pro. Custom fit protection against information loss in 'standard black' or 'premium gold'.

- Prevent others from viewing information on your display
- New thin, removable and washable adhesive attachment method designed specifically for both MacBook® Air and MacBook® Pro displays
- Prevent damage to your display
- Easy to attach and remove

Standard Black filters

- Screen appears black from side views
- Higher image clarity than competitive filters
- Reversible, matte/anti-glare or glossy/high clarity

Premium Gold filters

- Screen appears a vibrant gold from side views
- Offers nearly twice the privacy and 14% better visual clarity as standard blackout filters

3M™ Privacy Filters for MacBook® models have a discreet fixing sytem for easy removal whenever you want to share content

Two levels of on-screen privacy for MacBook® devices: Standard Black (top) and Premium Gold (above), which offers almost twice the privacy of Black
