

**Reference 001040990**

These spool ribbons tackle the tough print jobs reserved especially for your IBM 6400, 6408 and 6412 line matrix printers. These handle all major data and word processing tasks typically found in a multiple systems environment, plus the High Contrast Ribbon supports bar code and OCR applications.

**Technical Specifications**

Average Yield (Characters) 20 million  
Ribbon Length 54.9 metres
